

Miracle Baby

In 2012, I was gloriously married as prophesied by the Bishop during the Miracle Marriage Services of that year. I got pregnant immediately, but after three months I had a miscarriage. I attended Shiloh 2012 bleeding and in pain, but during Pastor Faith Oyedepo's message on the "The Spirit of joy, God strengthened me. On February 23, 2013, we offered our home as a Winners' Satellite Fellowship(WFS) center; I believe that was the beginning of our testimony.

My Easter Monday, April 1, 2013, my husband and I came to Canaan land for WSF operators meeting, as instructed by the Bishop. As the meeting was rounding-off the Bishop kept saying, Jesus appeared for 40 days after his resurrection; he will appear to you! I had always known that Bible story, but that day, I believe it as if it I was hearing it for the first time. So I started clearing Jesus you must appear to me!

Also, on the Faith Declaration card that we were given, one of the declarations stated: 'I am changing level from barrenness to fruitfulness and from fruitfulness to all round fruitlessness.'

As declared it, God inspired me to add, 'I am changing levels from delayed to a fruitful conception, and from a fruitful conception to a God-refined delivery.' I also compiled 20 Scriptures on fruitfulness and pasted them on our bedroom door; I declared those words and scriptures day and night.

My menstrual period, which was trying to regulate itself, came some days after I receive that Word, but I was not deterred.

On the 38th day, Jesus truly appeared to me, because I missed my period and nine months after, I delivered my baby. Praise the Lord.
