

CAREER BREAKTHROUGH

In January 2016, during the 21-day prayer and fast, I listed out all the things I wanted God to do in my life, while also following the instruction of Bishop Oyedepo when he said we should split the 21-day prayer and fast into seven phases of three days.

Before this, my life was stagnant. Nothing was moving, and God's Word came that if you want something to move in your life, you have to do something to move God. I engaged fervently in praying for the Kingdom. I also engaged in The Operation by All means in Feb 2016 (Evangelism Outreach); which was the first time I had ever engaged in an Outreach. After just two days of my engagement, my manager called to tell me that he was nominating me for a job in Dubai which will be paying me six digits in dollars. This recommendation came from the same man who on Friday called me and my work useless.

As if that was not enough, the month after I got the new job and was preparing to move, the Managing Director resigned, and I was appointed as the interim Managing Director for four months before I finally moved to Dubai. There were more than six people who were more qualified for this job than I was but God elevated me and made me an industrial and financial giant.

2016 was truly indeed my Isaac order of year and my year of enviable change of levels. I was overwhelmed and speechless by God's awesomeness and the way He singled me out for elevation according to His Word. I give all thanks to the God of this Commission. Matthew 6:33 truly works wonders.

CAREER BREAKTHROUGH VIA 21 DAY PRAYER AND FASTING:

I joined this church in 2010, but I was casual about the yearly 21-day Prayer and Fasting program until January 2015.

In September 2014, I had voluntarily resigned my appointment as a manager in a multinational organization. However, two other organizations that had promised to employ me delayed in their employment process. I was devastated because I had paid over ½ million naira to my former employer because of my short notice.

During the 21-day prayer and fasting in January 2015, I got the book "Winning Prayer" authored by Bishop David Oyedepo which I read and digested. I engaged in prayers for empowerment, Hosanna praise and the 2015 prophetic declarations every night of the fast. On day 17 of the fast, I got a call from an HR company asking if I was interested in working for a multinational company? I attended the interview on the 18th day of the fast and got an offer letter for a managerial position on day 19 of the fast. The salary I was offered almost twice my previous job. I also got a car and driver as part of the job offer.

However, two days later, I received a call from overseas asking if I am interested in joining a multi-billion dollar company. I told them that I just resumed work, but I was sent an offer letter to resume work in April 2015 with an eight-digit salary among other benefits. I was sent overseas twice within five months. Finally, in September 2015, while I was overseas, I received an email from another company offering me a country manager role to resume in 2016 and in that same month, God helped me to set up a partnership in the construction business, and we got our first contract of 21,000,000 Naira same month! TO GOD BE ALL THE GLORY!
